
Group IV Positions

(Tuesday, 14 September 2004) - Contributed by Randy Hardy - Last Updated ()

Group IV Staff Needs Officers

Group IV is growing and has created a need for three key positions to be filled; Aerospace Education Officer, Cadet Programs Officer and recruiting officer. These positions are open to any members of Group IV. Each position may be filled as a secondary duty to start with. This will allow the officer to continue supporting their local squadron. As these positions and the group grow the officers may need to leave the squadron duties to focus on the group responsibilities.

If you are interested or need more information, contact Lt Col Hardy by email at g4cc@cavtel.net. You may send an electronic resume but include why you are interested in one of these positions. Even if you have little experience but are willing to spend extra time learning the position then apply. Sometimes the best officers have little experience and great dedication. Before anyone is selected the squadron commander will be contacted so we can determine the impact it will have on that unit.
